- Technical skills like SQL, Excel, Python, Tableau
- Softened skills like perseverance, curiosity, and opportunity
- Padding this out a little more
- what's it look like with
- Five bullet points?

EXPERIENCE

E-Commerce Coordinator/Analyst

Elliott Electric Supply | Feb 2014 – May 2022

This one is supposed to be a summary of your job I think and probably should just be one sentence long. Maybe two.

- Extensive experience working with X12 EDI documents including, but not limited to: 850, 855, 856, 810, 811, 820, 867, 844, 845, 849.
- Created numerous incoming and outgoing EDI translation maps from specifications provided by our trading partners.
- Planned and executed 3 major upgrades to our EDI translator software - IBM Sterling B2B Integrator.
- Collaborated with major EDI providers and VANs such as SPS Commerce, TrueCommerce, IDEA4Industry for a variety of projects including, but not limited to, EDI onboarding and AS2 direct connection setup.
- Worked with other document standards such of PIDX, xCBL and cXML as well as one-off customer provided specifications.
- Integrated our EDI system with supplier networks such as Ariba, Open Invoice, Oracle Supplier Network and others.
- Managed over 200 unique trading partnerships and served as the main point of contact for EDI for the company.
- Integrated our customer's pricing data with bid software packages such as SupplierXchange, NetPricer, TurboBid and others.
